

# PRODUCT SPECIFICATION

## OPEN RACK

### INTRODUCTION

Our Standard 19" EIA Two- Post Open Rack offers flexible choices of 42U, 45U and 47U with optional built-in vertical cable management rails (metal ring or finger) on both sides, suitable for any 19" rack- mountable equipment or patch panels for easy access to cables.

All open racks are made of steel with structure and are supplied in fully assembled units.

### FEATURES

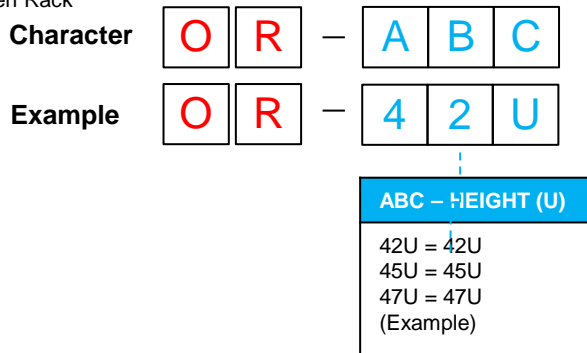

- Optional built-in vertical cable management rails on both sides
- Space saving footprint with size of 380mm (Depth) x 540mm (Width)
- Extendable built-in vertical cable management rails designed to maximize support of high density patching
- Numbered RU positions for ease of installation
- Ruggedized framework with superior loading and durability
